SURAJ PANDEY

Frontend Developer — **Immediate Joiner**

9057229806 — surajpandey82212@gmail.com — linkedin.com/in/suraj-pandey-683b341b0

PROFESSIONAL SUMMARY

Front-End Developer with 2 years of experience, including 1 year in Angular and 1 year internship at Sharpener. Skilled in Angular, React.js, Next.js, JavaScript, HTML, and CSS for building responsive, high-performance web applications. Strong in API integration, reusable UI components, and modern front-end practices

TECHNICAL SKILLS

HTML5, **CSS3**, **JavaScript (ES6+)**, **Angular 18**, Angular Material, Ionic, **React.js**, **Next.js**, Tailwind CSS, Bootstrap, Node.js,Reactive forms **Rxjs**, REST APIs, Postman, Git, GitHub, Responsive Design, Cross-Browser Compatibility,Debugging, Performance Optimization, Responsive Design, State Management (Redux/NgRx), CI/CD, Figma,Gitlab

PROFESSIONAL EXPERIENCE

Nexon Softwares (Software Developer)   May 2025 – September 2025
OutSource Project | *Angular,Next.js, Javascript, CSS, HMTL*   *Noida, UP*
- Rectified **6-8 UI defects** per sprint in Angular applications, enhancing front-end stability and optimizing user experience following Agile development principles.
- Orchestrated the integration of 4 new API endpoints, completing comprehensive validation testing with **35** test cases, which improved data retrieval speeds by **10%** and bolstered application responsiveness.
- Gained hands-on exposure to **Next.js** while building and testing front-end components.

Coding Nebula Pvt Ltd — Associate Software Developer   August 2024 – Jan 2025
Westjet System | *HTML, CSS, JS, Angular, Ionic,Tailwind,Angular Material*   *Noida, UP*
- Spearheaded root cause analysis on **7+** critical production bugs related to **Angular services and RxJS streams**, delivering solutions to prevent at least 3 future bugs of this type.
- Identified and fixed UI/UX bottlenecks, contributing to faster performance by **50%**, accessibility, and maintainability of the application.
- Orchestrated the integration of RxJS observables into the add-to-cart functionality, leading to a **7%** increase in completed transactions due to enhanced real-time feedback and reduced latency..

Sharpener Pvt Ltd — Software Intern   Aug 2023 – Aug 2024
E-commerce platform | *HTML, CSS, JS, Redux,Redux Toolkit*   *Banglore, karnataka*
- Enhanced project performance by optimizing **React lifecycle methods, hooks, and DOM rendering**.
- Centralized state management for user sessions using Redux Toolkit, resulting in a **15%** decrease in authentication token refresh failures and enhanced user experience across all e-commerce platform devices..
- Developed comprehensive debugging checklist that junior developers adopted leading to a **25%** faster resolution for authentication errors and **7%** improved authentication success rate for new customers.

PERSONAL PROJECTS

E-Commerce Module | *React.js, Redux Toolkit, JavaScript, HTML, CSS, Tailwind*   Jan 2024 – Feb 2024
- Developed secure login infrastructure utilizing **React, Redux Toolkit, and Tailwind CSS**, increasing user authentication success rates by 8%— and improving overall e-commerce platform security..
- Implemented **state management with Redux Toolkit** to manage user sessions, cart state, and authentication tokens efficiently.

Scalable E-Commerce Platform | *Angular, TypeScript, RxJS, Reactive Forms, Bootstrap*   Aug 2024 – Sep 2024
- Revamped checkout interface with Angular, which tightened user **input validation**, driving a **9%** reduction in cart abandonment and improving successful transaction rates across all devices.
- Revamped add-to-cart functionality using RxJS Observables, which resulted in a **4%** increase in successful transactions by streamlining data flow and error handling across devices.
- Applied Angular's **lifecycle hooks and change detection strategies** to enhance performance and optimize rendering.

EDUCATION

MLSU University   Aug. 2020 – May 2023
Bachelor of Science   *Chittorgarh, Rajasthan*
